| LO1 | Children feel safe, secure, and supported |

4 Aim

To ensure that each child’s enrolment is completed as per our legal requirements. Additionally, we aim to ensure that each child and family receives an enrolment and orientation process that meets their needs, allowing the family and child to feel safe and secure in the level of care that we provide.

6 Who is affected by this policy?

- Children
- Families
- Educators

7 Implementation
Our service accepts enrolments of children aged between 2-6 years.  

**Enrolments will be accepted providing:**
- The maximum daily attendance does not exceed the approved number of places of the service.
- Child-educator ratios are maintained across the service
- A vacancy is available. (Please see Priority of Access Guidelines below.)

**Priority of Access Guidelines:**
Children who are enrolled at the centre or whose families are seeking a place at the centre will be given Priority of Access in accordance with the guidelines that have been established by the Department of Family and Community Services and Indigenous Affairs.
Below are the Priority of Access levels which the centre must follow when filling vacancies.
1. A child at risk of serious abuse of neglect.
2. A child of a single parent/guardian who satisfies, or of parents/guardians who both satisfy the work/training/study test under Family Assistance Legislation Amendment *(Child Care) Act 2010.*
3. Any other child.

Within these three categories priority is also given to the following children:
- Children in Aboriginal and Torres Strait Islander families.
- Children in families which include a disabled person.
- Children in families on low income.
- Children in families from culturally and linguistically diverse backgrounds.
- Children in socially isolated families.
- Children of single parents/guardian.

Upon enrolment families will be notified of their priority and advised that if the service has no vacancies and their child’s position is a priority 3 under the Priority of Access Guidelines, it may be required that their child leave or reduce their days in order to make a place for a higher priority child.

**Enrolment:**
When a family has indicated their interest in enrolling their child in our service, the following will occur:
- A tour of our service. During this tour, the educator conducting the tour will give the family information about the service including, but not limited to, programming methods, meals, incursions, excursions, inclusion, fees, policies, procedures, our status as a Sun Smart service, regulations for our state and the licensing and assessment process, signing in and out procedure, the National Quality Framework, room routines, educator qualifications, introduction of educator in the room the child will be starting in and educator and parent communication. Families are also invited to ask any questions they may have.
- Families are given a copy of the Parent Handbook to read and are invited to ask questions.
- Discussions are held between office staff and families regarding availability of days, a start date and tailoring an orientation process to suit the needs of the family and child. Families are informed of the Priority of Access Guidelines (Enrolment Policy), and have their position assessed as to how
they place within this system. Any matters that are sensitive of nature, such as discussing a child’s medical needs, Court Orders, parenting plans or parenting orders, will be discussed privately with the Nominated Supervisor at this time. We request that parents begin to fill out enrolment forms at that time, and discuss their child with us so we can accommodate their needs in the service from the first day they start with us. Should a child use English as a second language, or speak another language at home, we request that families provide us with some key words in the languages the child speaks at this time so that educators can learn the words.

- Families also need to contact the Family Assistance Office (Servicelink) to have their eligibility for Child Care Benefit assessed. If these details are available, we will complete the child’s formal enrolment. Should a family still need to access this information, we will complete an informal enrolment until these details are finalised.

- As per our Orientation for Children Policy, families will be invited to bring their child into the service at a time that suits them so the child and family can familiarise themselves with the environment.

- Before the child begins their first day with us, the service must have all required documentation for the child. The child will not be accepted into the service without this being completed.

On the child’s first day:
- The child and their family are welcomed into their room for the first day.
- The Nominated Supervisor and parents will ensure all details are finalised and complete and sign the Orientation Checklist.

Other information about our service’s enrolment includes:
- We will try and accommodate families so that children from the same family can attend our service. This will be carried out in line with our obligations under the Priority of Access Policy.

- All children must be immunised.

- In accordance with the National Law and Regulations, our educators will support each child to manage their own behaviour, respond appropriately to the behaviour of other children and communicate effectively to resolve conflicts. We will also work with each child’s family to support any children with diagnosed behaviour and social difficulties. However, a child’s enrolment at our service may be terminated if the nominated supervisor decides the child’s behaviour threatens the safety, health or wellbeing of any other child at the service.

Information and Authorisations to be kept in the Enrolment Record
Our Record Keeping and Retention Policy outlines the information and authorisations that we will include in all child enrolment records.
