Guaranteed Entry Scheme (University of Melbourne)

The University offers four types of guaranteed entry pathways to its professional entry graduate courses. For each pathway, students must enrol in an undergraduate degree at the University of Melbourne to be eligible. A guaranteed entry is available for most graduate degrees, depending on the ATAR a student achieves:

ATAR of 99.90+ Melbourne Chancellor's Scholarship	A guaranteed place in any professional masters degree, and no minimum Grade Point Average (GPA) in the undergraduate degree is required although prerequisites for the graduate degree must be met. Visit Melbourne Chancellor's Scholarship to find out more specific details about the exact value of the scholarship for domestic and International students.
ATAR of 96.00 – 99.85	<u>Domestic students</u> will be guaranteed a CSP place in a professional entry masters (coursework) degree from a select list, if they satisfy the course prerequisites. In most cases they need to achieve a particular weighted average mark (GPA) in their undergraduate degree as well. <u>International students</u> will be guaranteed an international fee place in a professional entry masters (coursework) degree from a select list, if they satisfy the course prerequisites. In most cases they need to achieve a particular weighted average mark (GPA) in their undergraduate degree as well. Visit Courses for ATARs above 96 to find out which courses apply and the exact GPA required.
ATAR above 94.00	A guaranteed Australian fee or international fee place into one of a limited list of graduate programs for students who commence and complete an undergraduate course at the University of Melbourne with a GPA of 75%, and meet the prerequisites for the graduate degree. Visit Courses for ATARs above 94 to find out which courses apply.
No ATAR	These guaranteed entry pathways into limited graduate courses are based on academic performance in a current University of Melbourne undergraduate degree, and are not subject to any ATAR requirement. Eligibility will also be based on meeting the prerequisites for the graduate degree. Visit Course Guarantees without an ATAR to find out more.

Access Melbourne

Access Melbourne is special entry and access scheme offered by the University of Melbourne to domestic students. By applying through Access Melbourne, students can be assured that any circumstances that have affected their education will be considered when the university assesses their Year 12 results. Access Melbourne can assist eligible students to gain entry into a course even if their ATAR is below the Clearly-in Rank and to also be considered for a scholarship.

Year 12 students can apply using one or more of the following categories:

- Disadvantaged financial background
- Applicants from rural or isolated area
- Under-represented school
- Difficult circumstances
- Disability or medical condition
- Non-English-speaking background
- Recognition as an Indigenous Australian

Access Melbourne categories that provide a guaranteed entry are:

1. Disadvantaged financial background
2. Applicants from rural or isolated areas

Students eligible to apply as a rural or financially disadvantaged student, and meet course prerequisites, may apply for guaranteed entry to the University of Melbourne with an -

ATAR of 78.00 for a place in Design or Science

ATAR of 80.00 for a place a place in Arts

ATAR of 88.00 for a place a place in Commerce

ATAR of 92.00 for a place a place in Biomedicine

The University now also offers guarantees for [Indigenous students](#) who meet course prerequisites and apply with an ATAR of:

- 50.00 Arts (Extended)
- 55.00 Science (Extended)*
- 70.00 Design
- 75.00 Science
- 75.00 Arts
- 83.00 Commerce
- 85.00 Biomedicine

*Applicants for guaranteed entry to the Bachelor of Science (Extended) also require a passing score in a Year 12 Biology, Chemistry, Mathematics, or Physics subject.

Even if a student's ATAR falls below these levels, they may still be considered for a place. To apply for the Access Melbourne scheme, students must make use of the *Special Entry Access Scheme (SEAS)* application on the VTAC website. There are also several *Melbourne Access scholarships* available through the University's scholarships program, so students are encouraged to browse [Melbourne Undergraduate Access Scholarships](#)

Visit [Access Melbourne](#) to find out more about Access Melbourne. A SEAS application must be made through VTAC by 5.00pm on 10 October 2017. There is no separate application for a Melbourne Undergraduate Access Scholarship; students are automatically considered for these scholarships by applying through the SEAS process via VTAC.

Important Changes to the Bachelor of Health Science for 2018

Monash Medicine, Nursing and Health Sciences has introduced some changes to the Bachelor of Health Science, taking effect in 2018. Instead of choosing a specialisation, students now enrol straight into the degree of their choice.

Bachelor of Health Sciences

Students build a sound foundation in health care and learn to identify, investigate, analyse and assess health issues. They will have the flexibility to explore different areas of health and customise their degree to suit their interests.

Bachelor of Public Health

This course gives students the opportunity to pursue their passion for promoting good health, preventing disease, and managing illnesses. They will be taught by passionate teachers with a global orientation, getting them ready to make a difference and address real health challenges for communities and populations.

Bachelor of Radiation Sciences

This course is ideal for students interested in becoming a radiation therapist. Throughout the program students will be immersed in the latest technology, participate in 3D treatment simulations and complete clinical placements from second year. Taught by experienced radiation therapists, students are kept up-to-date with the latest industry developments.

The Bachelor of Radiation Sciences is a great pathway into the Master of Radiation Therapy at Monash.

Bachelor of Paramedicine

This course prepares students to be ready to save lives and qualify as a paramedic. Students gain hands-on paramedic experience with placements from Semester 1, while working in clinical and community settings and learning from experienced paramedic educators. Graduates work with emergency health services across Australia and overseas.

Monash Entry Schemes

At Monash, we know that a student's ATAR might not accurately reflect their ability. Life can be a bumpy road, and there are all sorts of circumstances that can get in the way of a student's academic achievement.

We operate two schemes – the Monash Guarantee and the Special Entry Access Scheme (SEAS) – that can help students enter their preferred course, even if their ATAR is below the clearly-in.

By having two schemes, Monash wants to create a level playing field for everyone who aspires to an exceptional education. By operating both schemes, Monash can also help as many students as possible reach their full potential.

Students do not have to choose between the two schemes – depending on their situation and background, they could be eligible for one or both.

1. The Monash Guarantee

The Monash Guarantee can get a student into a Monash course even if they do not reach the course's clearly-in ATAR. Students could be eligible for the Monash Guarantee if they:

- have experienced [financial disadvantage](#)
- live in a [low socio-economic area](#)
- are an [Indigenous Australian](#)
- attend a [Monash list under-represented school](#)

So, every Monash undergraduate degree has a [Monash Guarantee ATAR](#), which is lower than the expected clearly-in for that course. For most courses, if a student meets the [eligibility criteria](#), achieves the [Monash Guarantee ATAR](#) (starting at 70.00) and completes all course prerequisites, they will be eligible for a place at Monash. To be considered for the Monash Guarantee, Year 12 students must *submit a VTAC course application, complete a Special Entry Access Scheme (SEAS) application including any required documentation, and complete a VTAC Scholarship application.* Find out more at [The Monash Guarantee](#).

2. Special Entry Access Scheme (SEAS)

SEAS adjusts students' ATAR in recognition of circumstances that may have affected their education. This gives students a better chance of getting an offer for the course they want. Find out more at [Monash SEAS](#)

Monash Pathways Information Evening

*Do you have students aiming for a Monash degree but who are unsure if they'll meet the entry requirements? Students keen on studying at Monash University but perhaps concerned about attaining the ATAR or study scores for entry, might like to attend the upcoming **Monash Pathways Information Evening** which is aimed at providing advice for future students on their options.*

Date: Wednesday 23 August 2017

Time: 6.30pm – 8.00pm

Venue: Building K, level 3, Caulfield Campus, Monash University

For more information and to register please visit [Monash Pathways Information Evening](#)

Careers and Creativity Day at Monash

Students considering studying *art, design, or architecture*, but are not quite sure, are encouraged to attend the upcoming **Monash Art, Design and Architecture (MADA) Careers and Creativity Day** as an opportunity to find out more about the courses available, and the varied careers to which they can lead.

The day will begin with a panel discussion between a variety of MADA's lecturers and alumni – all practicing artists, designers, and architects – about where their own career paths have taken them and the job prospects they have encountered along the way.

In the afternoon, students will have the opportunity to take part in one of six hands-on workshops, focusing on their particular area of interest. For students interested in fine art, this workshop will include an insider's guide to the application process covering topics such as what to include in a folio and what happens in the application interview.

Date: Saturday 16 September 2017

Time: 10.00am – 5.00pm

Venue: Monash Art Design & Architecture, 900 Dandenong Road in Caulfield East

Registrations are open, and close on 11 September 2017. Find out more, and register at [MADA Careers and Creativity Day](#).

News from Swinburne

Bachelor of Design (Architecture)

Commencing in 2018, Swinburne University will be introducing the 3-year **Bachelor of Design (Architecture)**. Students will *tackle digital technology, environmental awareness, construction, practice, ethics, history, and theory, as they visualise the innovative environments of tomorrow.*

The VCE requirements are Units 3 and 4: a study score of at least 30 in English (EAL) or at least 25 in English other than EAL.

Selection into this course will include the submission of an Online Digital Portfolio any time after 31 August 2017 at <https://architectureswin.slideroom.com/#/Login>. Applicants will need to submit up to eight pages, and respond to four design related questions, as it is understood that students enter architecture with many different skills and experiences.

Studying Osteopathy at VU

Osteopaths diagnose, treat and provide preventative advice about disorders that affect the body's musculoskeletal system, using manual techniques to alleviate stresses and dysfunction to improve the body's function ([Good Universities Guide - Osteopath](#)).

VU offers one of only three of these accredited double degree programs in Australia. Core studies include anatomy, osteopathic science, physiology and biochemistry. Students undertake fieldwork and clinical practice to prepare them for their osteopathy career.

Students considering a career in osteopathy need to complete the **Bachelor of Science (Osteopathy)** first; this is a 3-year course and provides an entry into an osteopathy career. Completion of the Bachelor of Science (Osteopathy) course alone does not make graduates eligible for registration as Osteopaths. Students must also complete the Masters of Health Science (Osteopathy) in order to be eligible to register as an Osteopath. So, the double degree program is:

- [Bachelor of Science \(Osteopathy\)](#) - 3 years
- [Masters of Health Science \(Osteopathy\)](#) – 1.5 years

On completion of both programs, students will be eligible for:

- registration with the Osteopaths Registration Board of Victoria
- registration as an Osteopath in all other Australian states
- membership with the Australian Osteopathic Association

For further information about registration requirements, visit the [Australian Health Practitioner Regulation Agency](#) website.

VU has a an [Osteopathy Teaching Clinic](#) which operates 47 weeks per year, and students are required to attend clinical sessions on a rotation basis including outside of semester hours to maintain a public service and provide continuity of patient care. Clinical training, including fieldwork, is crucial in the preparation to becoming an Osteopath.

Students considering studying to become an Osteopath, might like to consider attending the upcoming ***Osteopathy Course Information Evening*** hosted by Victoria University. Attendees will have the opportunity to learn about how osteopathy is taught at VU, and participate in a tour of the facilities at the City Campus used by osteopathy students. There will also be an opportunity to ask questions and discuss the course with Osteopathy staff and students.

Date: Thursday 7 September 2017

Time: 7.00pm – 8.30pm

Venue: Victoria University Flinders Lane Campus, Room 5.11, Level 5
301 Flinders Lane in Melbourne

Calling Year 10/11 Students: The Defying the Drift Program

Defying the drift is a program available to secondary students considering a career in agriculture and related industries. It is an initiative of Rotary District 9780 which includes around 60 Rotary Clubs located throughout western Victoria and into South Australia.

Defying the Drift is run in partnership with Marcus Oldham College at Waurin Ponds near Geelong. We are lucky to be in receipt of two scholarship placements for two students in Years 10 or 11 to attend this **residential leadership program**.

The program will take place over the September break on the 25th-27th. Interested students should email careers@bmg.vic.edu.au by 5pm on 31st August with their name, tutor details, and career goals/related experience (no more than 200 words).

Nutritionists and Dietitians Courses

According to the Dietitian Association of Australia (DAA) - [Dietitian Association of Australia \(DAA\)](#), there is a distinction made between dietitians and other occupations in the nutrition and food science field, including that of nutritionist.

The key difference between a dietitian and a nutritionist is that, in addition to or as part of their qualification in human nutrition, a dietitian has undertaken a course of study that included substantial theory and supervised and assessed professional practice in clinical nutrition, medical nutrition therapy and food service management.

So, in Australia, all dietitians are nutritionists however nutritionists without a dietetics qualification cannot take on the expert role of a dietitian.

Victorian universities offering undergraduate courses in nutrition, food science and/or dietetics include:
