## FROM THE PRINCIPAL

It is excellent to see that we finally have some Spring weather. A reminder to parents that Summer uniform is available from the Uniform Shop at School and through Rushfords in Werribee and that a shorts option now exists for girls.

On another front the school has made the decision to develop a social media presence. In the first instance this will be in the form of a Facebook page. The aim of the presence is to provide another avenue through which the school can communicate with the wider public and the school community about who we are and what we do.

In developing the presence both I and School Council have been aware that if social media is to work to everyone's advantage it needs to be mediated. The presence will therefore have a range of safe guards and strict guidelines about what is considered appropriate content and comment for a school hosted site. A set of procedures and protocols will be distributed to families in the coming weeks. It is our intention for a "soft" start to the site during Term Four with it being fully operational by the beginning of the New Year.

## DROP OFF/PICK UP ZONE

Please **do not leave your vehicle** if you are parked in this zone at pick up time in the afternoon. It would be appreciated by the School Community if this area is not used as a parking bay before 3:05pm in the afternoon. It is a drop off zone – not a parking zone. The maximum time for parking in this zone is 2 minutes only.

#### SENIOR SCHOOL COLOURS

School Colours and Leadership are held in high regard at Bacchus Marsh Grammar. School Colours are a recognition of involvement in school related activities and being a representative of Bacchus Marsh Grammar. There are many varied events and activities that students may choose to participate in, or be selected as a representative for. From the beginning of this semester, Senior School students are able to download a record sheet [Excel Spreadsheet] from the **student portal**, to keep a record of the events and activities that they are and have been involved in, allocate points and keep a personal record of their progress toward School Colours.

Once they have achieved **90, 180 or 270 points**, they are to email their spreadsheet to [seniorschoolcolours@bmg.vic.edu.au](mailto:seniorschoolcolours@bmg.vic.edu.au) as an application, to be presented with their School Colours.

School Colours and being a representative of Bacchus Marsh Grammar is a key criterion for application and selection to

leadership positions at all year levels throughout the Secondary and Junior School. An integral component of being selected to be a School Prefect in Year 12, is to have been awarded School Colours, demonstrating a commitment to Bacchus Marsh Grammar.

#### SENIOR SCHOOL EXAMINATIONS

Examinations commence for:

**Unit 1/2 classes - Thursday 16 November**

**Year 9/10 classes - Friday 17 November**

**Year 8 classes – Wednesday 22 November**

All students should be revising and catching up on any overdue work. Throughout the exam week, all Year 11 students are required to **wear their correct summer uniform** and are required to **attend school** for examinations only, they are permitted to study at home and attend examinations or study at school and attend examinations. An examination timetable for students, will be issued to students and published in the weekly newsletter in the coming weeks. Please ensure that your child is familiar with the times that their exams occur. All students (Years 7 to 12) should already be participating in a regular homework pattern as a matter of normal work habits, however leading up to examinations periods, the focus should be on constructive revision and preparation for their examinations.

#### STUDY TIPS

Please refer to the following link for studying tips and study resources.

<http://www.youthcentral.vic.gov.au/studying-training/studying-tips-resources/top-10-study-tips>

They offer good advice such as:

##### 1. Pick a place and time

Everyone has their own idea about the best place and time to study. Whether it's your bedroom at night or the library after school, find a study space and a regular study time that works for you and stick with it.

**Set up your study space** - Your study space should be quiet, comfortable and distraction-free. It should make you feel happy and inspired. Decorate it with your favourite pictures or objects. If you want to listen to music or burn incense, pick a space that lets you do that.

**Find your best time** - Some people work better in the morning. Others work better at night. Work out which time suits you and plan to study then. Don't study much later than your usual bedtime - pushing yourself late at night can make you too tired to study properly.

##### 2. Study every day

If you study a little bit every day, you'll be continually reviewing things in your mind. This helps you understand things. It also helps you avoid the stress of last-minute cramming.

Early in the year an hour or two a night may have been enough to stay on top of things. Later in the year you may need to study more each day.

If you're finding it hard to find time to study, cut back on some (but not all!) of your other activities. Prioritising study might mean spending less time online, or it might mean cutting back on shifts at work, or giving weekend sport a miss for a small period of time.

#### **JUNIOR and SENIOR NEWS**

#### **Neighbours Place Food Train is at school for 2017!**

The food train is here again in 2017 and BMG has begun collecting donations of non-perishable items in support of The Neighbours Place in Bacchus Marsh just in time for Christmas. The JS & SS SRC teams would like to encourage students and staff to contribute to the "Food Train" from the Neighbours Place located in Bacchus Marsh.

**ABOUT THE NEIGHBOURS PLACE** - The Neighbour's Place is a not-for-profit organization staffed by volunteers. The primary purpose of the Neighbours Place is to provide food assistance to those in need. Highly valued food items include: canned meats, canned soup, breakfast cereal, long life milk, dry pasta or rice, canned vegetables such as tomatoes, peas and corn. These items really do make a difference to someone who is doing it tough.

The JS and SS SRC are aiming to collect at least 1200 items to donate to the Neighbours Place. This number represents one item from each family at the school so please jump on board the train and help those in need.

Nonperishable items are to be collected by class and tutor groups and brought to the Administration Office **after AM Class/Tutor group.**

#### **POSITIVE PARENTING NEWS**

#### **Raising Kids With Gratitude**

##### **Gimme, gimme, gimme**

It is a sad fact, but true, that we live in a society of instant gratification. Our Western consumer culture says we can have everything...now... this minute...and if we can't we're led to believe we are somehow deprived. Most kids understand that the world revolves around them. And why wouldn't it? They're mostly catered to by adults, many are made comfortable with material goods, and an increasing number entertained by technology. For kids it is all happening, and unless encouraged to be appreciative, we can't blame them for thinking the world owes them, which unfortunately means they may also grow up with a sense of entitlement.

##### **Getting vs giving**

Kids are rarely into delayed gratification any more than many of us adults. With a click of the mouse, stuff is ordered and delivered, and it is unthinkable (to most kids and many parents) that a child has a birthday party minus presents. But birthdays are a good example of an occasion where, with a bit of effort on our part, we can encourage our kids to change the focus from getting to giving. For example, they could:

- write one thing they like about the person they are inviting, on the invitation
- hand make a small present of appreciation to those invited to the party
- write thankyou notes or emails and
- we can put a cap on the amount of money others should spend on our child

##### **Appreciate the small stuff**

Gratitude works like a muscle. The more we flex it, the stronger it gets. Raising kids with gratitude is a two-way deal. We model, they learn. Getting their head around being thankful and grateful can be quite complex for little kids, so we can start with the basics of please and thank you, and gradually work up from there.

- *thank kids often for cooperating, showing care or thinking of others*
- *encourage a 'thankful' vocabulary and work gratitude into daily conversation*
- *volunteer as a family*
- *keep a lid on pocket money and encourage giving to a trusted charity of choice*
- *suggest kids donate clothes they've outgrown to others less fortunate*
- *downplay presents at festive times and concentrate more on family traditions*

- *share successes and achievements and thank those who have supported*
- *encourage generosity and sharing*

Gratitude, as a way of thinking, supports optimism and resilience. Kids who appreciate the small stuff are less likely to be defeated by adversity or dwell on the fact that life is unfair. Stopping every now and then to reflect on what is good about our day, helps to remind us (and our kids) that it is what it is and there will always be things in life over which we have absolutely no control. And that's OK. Because every day has so much on offer...and even more to be grateful for.

## STAUGHTON VALE NEWS

### Staughton Vale Report – 16/10/17

Fruit has begun to appear in our orchards at Staughton Vale. We've seen plenty of small apricots and figs appear and eagerly await to see what other fruits begin to grow!

The Grade 6's had their last session in the last week of Term 3, the sun shone and the world's longest daisy chain was made! Whilst I don't know if that's actually true, I do know that the Grade 6's enjoyed creating their own art work out of natural objects and using mono printing techniques. They studied the rock cycle and completed heaps of maintenance around the property providing an essential help in the running of the farm!

The Year 8's headed out to Staughton Vale in the first week of Term 4 and enjoyed perfect spring weather all week. They began learning how to classify rocks into categories of igneous, metamorphic, and sedimentary. They also considered how the land features and use of the Staughton Vale property and region has changed over time and what impacts that has created. Lastly the Year 8's worked incredibly hard to complete the mulching of another garden bed and finished creating the plots for our market garden.

This scholarship is just reward for Graeme who achieved amazing success at the 2017 National Track Cycling Titles, taking home numerous Gold Medals.
