Community Code of Conduct Policy

(excerpt from the Bacchus Marsh Grammar 2017 Business Notice p22)

Statement of Context and Purpose

Bacchus Marsh Grammar promotes values that are in keeping with the School's Mission Statement and in accordance with the values that underpin the Victorian Ecumenical System of Schools, of which it is a member.

All students, parents, teachers and staff have the right to be safe and feel safe in their school community. With this right comes the responsibility to be law-abiding citizens and to be accountable for actions that put at risk the safety or wellbeing of others.

This Code of Conduct provides members of the School Community with guidelines for the effective development of positive relationships within the School Community and assists in promoting the values that are in keeping with the School's Mission.

This School Community Code of Conduct sets clear standards of behavior which are expected of members of the School Community in the School environment or when attending a School related function or activity at any other location.

The Code specifies the consequences for any member of the School Community who does not comply with these standards of behavior.

Code of Conduct – Child Safe

Our Child Safety Code of Conduct

This Child Safety Code of Conduct outlines appropriate standards of behaviour for all adults towards students. The Code serves to protect students, reduce any opportunities for abuse or harm to occur, and promote child safety in the School environment. It provides guidance on how to best support students and how to avoid or better manage difficult situations. Where a staff member breaches the Code, Bacchus Marsh Grammar may take disciplinary action, including in the case of serious breaches, summary dismissal. The School revises the Code annually.

Bacchus Marsh Grammar has the following expectations of behaviours and boundaries for all adults interacting with students within our School community. This includes all teaching staff, non-teaching

staff, Council members, volunteers (direct and indirect), third party contractors, external education providers and parents/carers.

The School's School Council has endorsed this Child Safety Code of Conduct.

DO:

- Behave as a positive role model to students.
- Promote the safety, welfare and wellbeing of students.
- Be vigilant and proactive with regard to student safety and child protection issues.
- Provide age appropriate supervision for students.
- Comply with guidelines published by the School with respect to child protection.
- Treat all students with respect.
- Promote the safety, participation and empowerment of students with a disability.
- Promote the cultural safety, participation and empowerment of linguistically and culturally diverse students.
- Use positive and affirming language towards students.
- Encourage students to 'have a say' and then listen to them with respect.
- Respect cultural, religious and political differences.
- Help provide an open, safe and supportive environment for all students to interact, and socialise.
- Intervene when students are engaging in inappropriate bullying behaviour towards others or acting in a humiliating or vilifying way.
- Report any breaches of this Child Safety Code of Conduct.
- Report concerns about child safety to one of the School's Child Protection Officers (**Jennifer Jovanovic and Jan Loftus**) and ensure that your legal obligations to report allegations externally are met.
- Where an allegation of child abuse is made, ensure as quickly as possible that the student involved is safe.
- Acknowledge any contact with a student/s or their family outside Bacchus Marsh Grammar by completing and submitting a Staff Student Association Register Form.
- Call the Police on 000 if you have immediate concerns for a student's safety.
- Respect the privacy of students and their families and only disclose information to people who have a need to know.

DO NOT:

- Engage in any form of inappropriate behaviour towards students or expose students to such behaviour.
- Use prejudice, oppressive behaviour or inappropriate language with students.
- Express personal views on cultures, race or sexuality in the presence of students or discriminate against any student based on culture, race, ethnicity or disability.
- Engage in open discussions of an adult nature in the presence of students.

- Engage in any form of sexual conduct with a student including making sexually suggestive comments and sharing sexually suggestive material.
- Engage in inappropriate or unnecessary physical conduct or behaviours including doing things of a personal nature that a student can do for themselves, such as toileting or changing clothes.
- Engage in any form of physical violence towards a student including inappropriately rough physical play.
- Use physical means or corporal punishment to discipline or control a student.
- Engage in any form of behaviour that has the potential to cause a student serious emotional or psychological harm.
- Develop 'special' relationships with students that could be seen as favouritism (for example, the offering of gifts or special treatment for specific students).
- Engage in undisclosed private meetings with a student that is not your own child.
- Engage in meetings with a child that is not your own, outside of school hours and without permission from the School and the child's parent.
- Engage in inappropriate personal communications with a student through any medium, including any online contact or interactions with a student.
- Take or publish (including online) photos, movies or recordings of a student without parental/carer consent.
- Post online any information about a student that may identify them such as their: full name; age; e-mail address; telephone number; residence; school; or details of a club or group they may attend.
- Ignore or disregard any suspected or disclosed child abuse.

Our Child Protection Program includes a Staff and Student Professional Boundaries Policy that provides detailed guidance for all staff and Volunteers on how to maintain professional boundaries between students and adults at Bacchus Marsh Grammar.

Report any concerns

The Program also includes information for members of the School Council, staff and Direct Contact Volunteers as to how to identify key risk indicators of child abuse and how to report child abuse concerns to one of our School's nominated Child Protection Officers.

It also contains detailed procedures with respect to the reporting of child abuse incidents to relevant authorities.

Third Party Contractors, External Education Providers, Indirect Contact Volunteers, students, parents or other community members who have concerns that a child may be subject to abuse are asked to contact one of the School's Child Protection Officers.

Communications will be treated confidentially on a 'need to know basis'.

Whenever there are concerns that a child is in immediate danger, the Police should be contacted on 000.

What to do when an allegation of child abuse is made

(Source: The Department of Health and Human Services)

If a child / young person discloses an incident of abuse to you:

- Try and separate them from the other students discreetly and listen to them carefully.
- Let the student use their own words to explain what has occurred.
- Reassure the student that you take what they are saying seriously, and it is not their fault and that they are doing the right thing.
- Explain to them that this information may need to be shared with others, such as with their parent/carer, specific people in your organisation, or the police.
- Do not make promises to the student such as promising not to tell anyone about the incident, except that you will do your best to keep them safe.
- Do not leave the student in a distressed state. If they seem at ease in your company, stay with them.
- Provide them with an incident report form to complete, or complete it together, if you think the student is able to do this.
- As soon as possible after the disclosure, record the information using the student's words and report the disclosure to your manager or your organisation's Child Protection Officer,¹ police or child protection.
- Ensure the disclosure is recorded accurately, and that the record is stored securely.

If a parent/carer says their child has been abused at Bacchus Marsh Grammar or raises a concern:

- Explain that Bacchus Marsh Grammar has processes to ensure all abuse allegations are taken very seriously.
- Ask about the wellbeing of the student.
- Allow the parent/carer to talk through the incident in their own words.
- Advise the parent/carer that you will take notes during the discussion to capture all details.
- Explain to them the information may need to be repeated to authorities or others, such as the organisation's management or Child Protection Officer, the police or child protection.
- Do not make promises at this early stage, except that you will do your best to keep the student safe.
- Provide them with an incident report form to complete, or complete it together.

¹ A child protection officer is a person in your organisation who has knowledge of child safety issues, and could be a point of contact for others who have questions or concerns or want to report an allegation of child abuse. You could consider including child safety officer/champion duties in the person's job description.

- Ask them what action they would like to take and advise them of what the immediate next steps will be.
- Ensure the report is recorded accurately, and that the record is stored securely.

You need to be aware that some people from culturally and/or linguistically diverse backgrounds may face barriers in reporting allegations of abuse. For example, people from some cultures may experience anxiety when talking with police, and communicating in English may be a barrier for some. You need to be sensitive to these issues and meet people's needs where possible, such as having an interpreter present (who could be a friend or family member).

If an allegation of abuse involves an Aboriginal student, you will need to ensure a culturally appropriate response. A way to help ensure this could include engaging with parents of Aboriginal students, local Aboriginal communities or an Aboriginal community controlled organisations to review policies and procedures.

Some students with a disability may experience barriers disclosing an incident. For example, students with hearing or cognitive impairments may need support to help them explain the incident, including through sign language interpreters. Advice on [communicating with people with a disability](#) can be found on the Department of Health and Human Services website

www.dhs.vic.gov.au/for-business-and-community/community-involvement/people-with-a-disability-in-the-community/communicate-and-consult-with-people-with-a-disability/communication-with-people-with-disabilities.

If you believe a student is at immediate risk of abuse phone 000.

Legal responsibilities

While the child safe standards focus on organisations, every adult who reasonably believes that a student has been abused, whether in their organisation or not, has an obligation to report that belief to authorities.

The **failure to disclose** criminal offence requires all adults (aged 18 and over) who hold a reasonable belief that a sexual offence has been committed in Victoria by an adult against a child under 16 to disclose that information to police (unless they have a reasonable excuse not to, for example because they fear for their safety or the safety of another).

More information about [failure to disclose](#) is available on the Department of Justice and Regulation website

www.justice.vic.gov.au/home/safer+communities/protecting+children+and+families/failure+to+disclose+offence

While failure to disclose only covers child sexual abuse, all adults should report other forms of child abuse to authorities. Failure to disclose does not change mandatory reporting responsibilities.

More information about [mandatory reporting](#) is available in the *Child protection manual* www.cpmanual.vic.gov.au/advice-and-protocols/advice/intake/mandatory-reporting.

Mandatory reporters (doctors, nurses, midwives, teachers (including early childhood teachers), principals and police) must report to child protection if they believe on reasonable grounds that a child is in need of protection from physical injury or sexual abuse.

See the Department of Health and Human Services website for information about [how to make a report to child protection](#)

www.dhs.vic.gov.au/about-the-department/documents-and-resources/reports-publications/guide-to-making-a-report-to-child-protection-or-child-first.

The **failure to protect** criminal offence (commenced on 1 July 2015) applies where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently failed to do so.

RESPONDING TO SUSPECTED CHILD ABUSE: TEMPLATE FOR VICTORIAN SCHOOLS

WHEN TO USE THIS TEMPLATE?

School staff should use this template to document any incident, disclosure or suspicion that a child has been, or is at risk of being abused. This template should be used in conjunction with the following: Four Critical Actions For Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse.

Completing this template should not impact on reporting times. If a child is in immediate danger, school staff should report immediately to Victoria Police.

Whilst you may need to gather the information to make a report, remember it is not the role of school staff to investigate abuse, leave this to Victoria Police and/or DHHS Child Protection.

WHY RECORD THIS INFORMATION?

When completing this template your aim should be to provide as much information as possible. This information will be critical to any reports and may be sought at a later date if the matter is the subject of Court proceedings. These notes may also later assist you if you are required to provide evidence to support any decisions.

It is a requirement under *Ministerial Order No. 870- Child Safe Standards- Managing the risk of child abuse in schools* for schools to keep clear and comprehensive notes on all observations, disclosures and other details that led them to suspect the abuse.

RESPONDING TO AN INCIDENT, DISCLOSURE OR SUSPICION OF CHILD ABUSE
