

1. NQS

QA1	1.1.1	Approved learning framework - Curriculum decision-making contributes to each child's learning and development outcomes in relation to their identity, connection with community, wellbeing, confidence as learners and effectiveness as communicators.
	1.1.2	Child-centred Each child's current knowledge, strengths, ideas, culture, abilities, and interests are the foundation of the program.
	1.1.3	Program learning opportunities - All aspects of the program, including routines, are organised in ways that maximise opportunities for each child's learning.
	1.2.1	Intentional teaching -Educators are deliberate, purposeful, and thoughtful in their decisions and actions.
	1.2.2	Responsive teaching and scaffolding -Educators respond to children's ideas and play and extend children's learning through open-ended questions, interactions, and feedback.
	1.2.3	Child Directed learning - Each child's agency is promoted, enabling them to make choices and decisions that influence events and their world.
	1.3.1	Assessment and planning cycle - Each child's learning and development is assessed or evaluated as part of an ongoing cycle of observation, analysing learning, documentation, planning, implementation, and reflection.
	1.3.2	Critical reflection - Critical reflection on children's learning and development, both as individuals and in groups, drives program planning and implementation.
	1.3.3	Information for families - Families are informed about the program and their child's progress.
QA3	3.2.1	Inclusive environment - Outdoor and indoor spaces are organised and adapted to support every child's participation and to engage every child in quality experiences in both built and natural environments.
QA6	6.2.2	Access and participation - Effective partnerships support children's access, inclusion, and participation in the program.
QA7	7.2.2	Educational leadership - The educational leader is supported and leads the development and implementation of the educational program and assessment and planning cycle.

7. Approved Learning Frameworks for Victoria

Victoria: Victorian Early Years Learning and Development Framework. Department of Education and Training. 2016.

8. Declared Approved Learning Frameworks for Reference

- a) The following learning frameworks have been declared approved Belonging, Being and Becoming: The Early Years Learning Framework for Australia (EYLF) V2.0 2022. Australian Government Department of Education [AGDE] (2022). National approved learning framework under the NQF for young children from birth to 5 years of age.

9. Implementation

Our Educational Leader is identified in the foyer by name.

The role of the Educational Leader is to affirm and extend educators' teaching practices, support the development of curriculum based on an approved learning framework and ensure children progress towards and achieve the outcomes of that framework.

Our service is committed to the Early Years Learning Framework (EYLF).

“While educators may plan or assess with a focus on a particular outcome or component of learning, they see children’s learning as integrated and interconnected. They recognise the connections between children, families and communities and the importance of reciprocal relationships and partnerships for learning. They see learning as a social activity and value collaborative learning and community participation.” Early Years Learning Framework Version 2 p 20.

EYLF Learning Outcomes

The Learning Outcomes recognise the importance of literacy, numeracy, and social and emotional development.

1. Children have a strong sense of identity.
2. Children are connected with and contribute to their world.
3. Children have a strong sense of wellbeing.
4. Children are confident and involved learners.
5. Children are effective communicators.

Educators will:

- plan a Curriculum based on children’s interests, culture, language, ideas, play and everyday lives i.e., connections between children, families, and communities,
- work in partnerships with families to achieve Learning Outcomes, and encourage families to contribute to the Curriculum by sharing information about their child or completing activities with children,
- work with families to implement and evaluate learning goals for each individual child and their group,
- build connections between the service, schools, and the local community,
- include children in decision making, including decisions about indoor and outdoor spaces, programming, routines and documenting their achievements, and give them appropriate levels of responsibility,
- make use of spontaneous ‘teachable moments’ to scaffold children’s learning,
- engage in sustained shared conversations with children to extend their thinking,
- support children’s learning by participating in child led play,
- provide a balance between child led, child initiated, and educator supported learning by creating learning environments and activities that stimulate children’s imagination, creativity and curiosity and encourage children to investigate, experiment, explore, solve problems, create, and construct,
- use strategies like demonstrating, dramatic play, role play, open questioning, speculating, explaining, shared thinking and problem solving to promote and extend children’s learning,
- use resources (e.g., man- made and natural loose parts) and implement activities (e.g., dramatic play, visual arts, role play, games) to promote learning across all Learning Outcomes,
- create outdoor learning spaces which invite open-ended interactions, spontaneity, risk-taking, exploration, discovery, and connection with nature,
- create both indoor and outdoor spaces that stimulate children’s imagination, creativity and curiosity and encourage children to investigate, experiment and solve problems,
- regularly provide opportunities for children to learn individually and as part of a group,
- regularly assess what each child knows, can do and understands through an ongoing cycle of planning, documenting and evaluating, and then implement activities to help each child achieve all Learning Outcomes. Assessments will take into account the period of time each child spends at the service,

- regularly add to each child's Individual Documentation of Learning which includes written assessments of the child's learning.
- Children's portfolios will be available for a child's family members to view but they remain the property of the Service for the duration of the child's enrolment,
- plan the curriculum with each child and the learning outcomes in mind, and remember that learning is not always predictable and linear,
- celebrate the achievements and learning of each child,
- with parents' consent, liaise with external agencies and professionals to support children with additional needs,
- regularly evaluate their practices and reflect on how well the Curriculum is helping each child progress towards and achieve the Learning Outcomes,
- display the daily curriculum outside the children's rooms in the foyer area and encourage families to contribute, make suggestions or ask questions about children's learning at any time,
- provide the following information to parents whenever requested:
 - the content and operation of the educational program
 - information about the child's participation in the program
 - assessments of the child's developmental needs, interests, experiences, and progress against the Learning Outcomes.
- complete a Transition Learning and Development Statement through the Insight Assessment Platform for every Kindergarten child going to school in the following year, to provide schools with information about the child's capabilities and interests.
