BACCHUS MARSH GRAMMAR INC.

A Prep to Year 12 Independent Ecumenical School for Girls and Boys

ACN: 630 361 670 ABN: 24 128 531 078

38TH ANNUAL REPORT 2025

The School

Bacchus Marsh Grammar School was founded in 1988 as a co-educational school serving the communities of surrounding districts. The school is a member of Ecumenical Schools Australia and is not-for-profit company limited by guarantee. The school is governed by a School Board, the Board's role is to develop and ensure the long-term viability of the school. It achieves this through the setting of policy, the employment of the Principal (who is responsible for the operation of the school) and the maintenance of systems of accountability.

The school will have as its primary goal over that time the delivery of higher amounts of "value adding". That is, the school will endeavour to develop a range of educational, social and co-curricular programs that make recognisable differences to the outcomes for individual students. At the same time, considerable investment will be made to improve the schools' buildings and grounds.

The Vision

Bacchus Marsh Grammar seeks to be the affordable independent school of choice in Western Melbourne.

Mission Statement

Bacchus Marsh Grammar seeks to develop students to be respectful, caring, and capable of achieving their life goals.

Core Values

In developing the Bacchus Marsh Grammar's Vision and Mission Statements, the school is guided by eight core values: **Respect**, **Discipline**, **Confidence**, **Ambition**, **Leadership**, **Kindness**, **Knowledge** and **Wisdom**

- The school seeks to teach students to **respect** others and the world they inhabit;
- We aim to guide our students to develop **discipline** to pursue long term and meaningful goals, and eschew short term and superficial pursuits;
- Students should have the **confidence** to express ideas and values, and project their worth to others;
- Students are guided to develop **ambition** and passion to achieve their best;
- Students are taught to understand that **leadership** occurs in a variety of forms, and encouraged to find ways they can influence and organize for the good of others and themselves;
- Bacchus Marsh Grammar students are inspired to embrace life with a sense of **kindness** and compassion at the fore;
- Students use the **knowledge** taught to apply facts and ideas and pertain these to their studies;
- **Wisdom** is the meta- virtue; it allows students to have considered deliberation and make the right choices at the right time. It allows our students to learn from experience and display "phronesis" or good sense.

2025 Annual Report

CURRICULUM

It is a requirement that the last three years of NAPLAN results are included in the Annual Report. Appendix 1 reports on NAPLAN results for 2023, 2024 and 2025.

2025 POST SCHOOL DESTINATIONS AND TERTIARY AWARDS

With 245 Year 12 Graduates, 223 completed the VCE with an ATAR (91%), 14 students completed the VCE with a Vocational Major (5.7%) and 8 students completed an Unscored VCE (3.3%). 215 (87.8%) students elected to apply for Tertiary Studies through the Victorian Tertiary Admissions Centre (VTAC).

The overall tertiary outcomes were positive with a success rate of 99.5% (after all rounds). One student only listed one valid preference, which limited the opportunity to receive an offer.

30 students (12.2%) did not submit a VTAC application, but have since transitioned into apprenticeships, vocational employment, direct-entry pathways through private institutions or elected to take gap-year options.

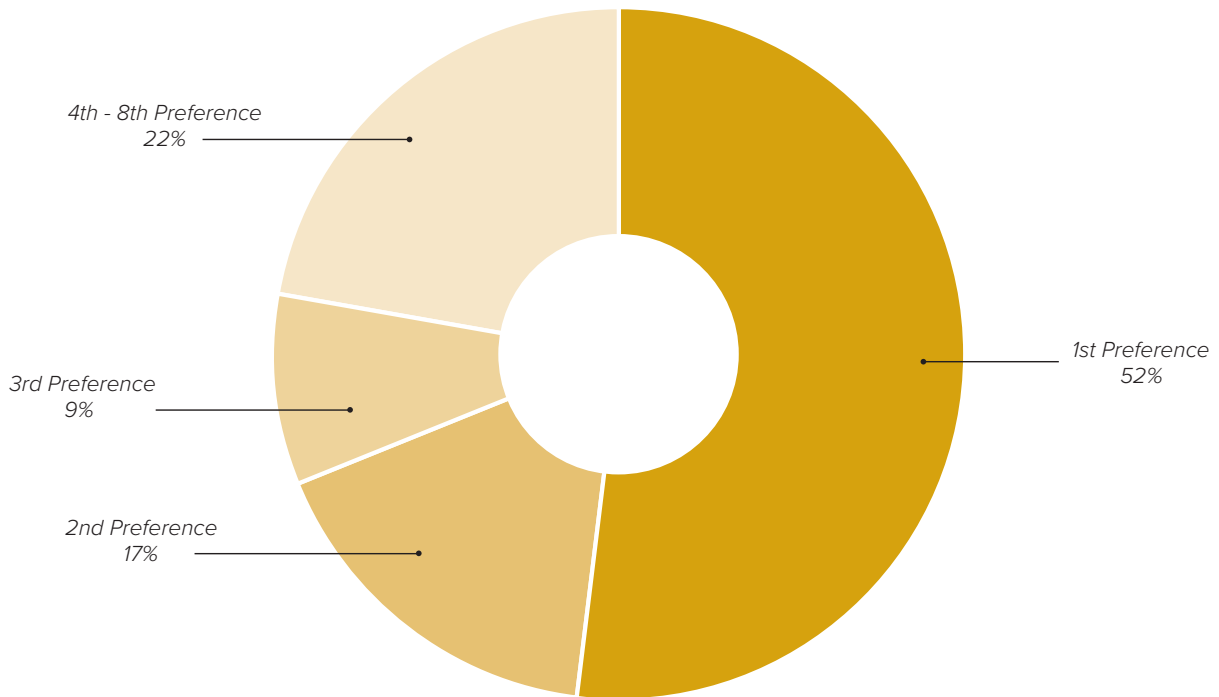

Below is a list of reported students post-secondary school achievements:

Student Name	Achievement/ Scholarship Name	Sponsor	Current Enrolled Tertiary Studies
Thomas Carroll	Community Bank Bursary	Community Bank (Bacchus Marsh & District)	Bachelor of Electrical Engineering (Honours) at RMIT University

In Year 10, Samaira Venkat (Maddingley) and Muskaan Mann (Woodlea) were honoured with the Kwong Lee Dow Young Scholars Award from the University of Melbourne and will take part in a two-year development program with the University. Mari Murasawa (Maddingley) and Kushpreet Kaur (Woodlea) were recognised for their community contributions by the Australian Defence Force and received the Year 10 Long Tan Award, while Kayura Thimmaraju (Maddingley) and Surya Sureshkumar (Woodlea) were awarded the Year 10 ADF Future Innovator's Award for their outstanding dedication to technology, science and mathematical studies.

At the Maddingley Campus, Akesh Pandithakoralege received the Year 12 Australian Defence Force Long Tan Award, and Pearl Patel was presented with the Year 12 Future Innovator's Award. There were no Year 12 students enrolled at the Woodlea Campus during the reporting period.

VCE Results 2025

VCE Results for 2025 were very pleasing. The Average Study Score was 32 and 41 students achieved a study score of 45 or above. The Average ATAR was 76.0. The Joint Dux was Lily Dannatt and James Liu with an ATAR of 99.90. Scores over 99 were also received by Pearl Patel of 99.15.

A particular pleasing result saw ten students obtain Perfect Scores of 50. Two of those students were Year 10 students. Another five students gained scores of 48 or 49. Scores of 48 or better were achieved in General Mathematics, Chemistry, Mathematical Methods and Food Studies.

2025's VCE results included 116 scores of 40 or more, and a perfect study score of 50 was achieved by ten students:

Shreyas Giridharan	Further Mathematics and Physics
Shashank Chander	Accounting
Ori Daniel	Biology
Julie Pereira Freitas	English EAL
Amy Oates	Systems Engineering

STUDENT ATTENDANCE

The School uses the Synergetic Student Management System for attendance monitoring. Attendance is formally collected twice a day (am/pm) and there is an expectation that teachers keep a record of attendance in each of their classes. Absence lists are generated and sent to all appropriate staff.

The parent or guardian of any student who is absent without appropriate reason / notice is contacted by the School by phone that day.

If attendance is becoming problematic, systems are in place to ensure parents are informed of the situation and that procedures are in place to remedy or alleviate the situation.

All unsatisfactory attendance records are kept in Synergetic and copies of correspondence relating to unsatisfactory attendance on student files.

STUDENTS

Bacchus Marsh Grammar is a school of Western Melbourne with a catchment that extends from Williamstown to Ballarat and Gisborne to Werribee. Major concentrations of students are found in Bacchus Marsh, Werribee, Point Cook and Aintree with a growing number of students from Truganina.

Over the past 38 years the School has grown to have a student population of 3,824, with 2,370 students at the Maddingley Campus and 1,454 students at the Woodlea Campus.

Our student body is an accurate reflection of the “new West” and includes students from a diverse range of backgrounds and languages spoken at home. A particular feature of the School has been the growth in recent years of students who have a South Asian heritage.

The multiculturalism of the school is reflected in the growing number of languages spoken at home which includes English, Hindi, Punjabi, Tamil, Bengali, Telugu, Kannada, Mandarin, Urdu, Indonesian to name a few.

The School has a small but growing number of students who are proud to claim an Indigenous heritage. The School actively seeks to increase the number of students of Indigenous background through a Scholarship Program.

Bacchus Marsh Grammar is a Member of Ecumenical Schools Australia. It is neither an organization of faith or one that disfavors faith altogether. It believes that a tolerance of all faiths is an important element of any education. It does so by an encouragement to tolerance rather than a requirement to learn any particular doctrine or creed.

STAFF

The key to any school is the quality and professional development of staff. Bacchus Marsh Grammar benefits from its diversity of staff, with a rich mixture of young teachers commencing their career and many experienced teachers who bring a strong understanding of what is required to make an excellent school. At present the school employs one staff member who are known or wish to be recognised of Torres Strait or Aboriginal background.

The school has a high staff retention rate of 92% and high levels of staff attendance of approximately 90%. Again, the major reason for staff changes during the year were either Maternity Leave or Long Service Leave. Staff retention remains particularly high across all sectors of the school.

The following table gives an overview of the composition of the total Bacchus Marsh Grammar Staff (Maddingley & Woodlea)

No known members of staff have classified themselves of Aboriginal or Torres Strait Islander background.

**As reported in the 2025 Census – Please note: some staff work across both the Maddingley and Woodlea Campus and may be reported in both Campus' totals.*

COMMUNITY INVOLVEMENT

Throughout 2025 the School was able to build on Community Engagement programs across all campuses. Students, staff, parents and guardians were provided with opportunities to connect and experience a broad range of community engagement activities and programs.

The Junior School Parent Helper Program provided valued assistance to Junior School teaching staff and students. At both the Maddingley and Woodlea Campuses Parents and Guardians joined Junior School students for Easter Activities including Easter Bonnet Parades, Mother's and Father's Day classroom activities.

Face-to-face Parent Teacher Interviews were welcomed giving staff, parents and guardians a more connected experience. Families were also able to see the growth and development of the school sites.

School study coursework and fieldtrips enabled students to engage with Environmental and Indigenous Educators, Parks Victoria Authorities and the wider community. Senior Students experienced a wide range of external knowledge and history through the Senior School Speakers Programme and Visiting community members. VCE-Vocational Major students embraced their community projects working with Grant lodge Aged Care developing edible gardens and reinvigorating garden areas.

The Maddingley Campus Careers Information Night and Expo was a great success providing students and families access to a wide variety of industry organisations and tertiary providers at the school.

Middle and Senior School Musical Productions "Chicago Teen Edition" and "Mary Poppins Jr." provided avenues for students to be involved and gain experiences outside of the classroom in performing arts and a range of supporting roles. Co-curricular, Camps and Experiences including international Exchange Programs continue to be a highlight and personal growth for students enabling the development of life skills beyond the classroom.

Annual celebrations including Year 12 Valedictory, Year 6 Graduations and Award Days celebrate student achievements and milestones in each student's education journey. It is rewarding for the school to be able to share these events with the wider community.

PARENT AND STUDENT SATISFACTION

There are a variety of ways in which schools can measure parent and student satisfaction.

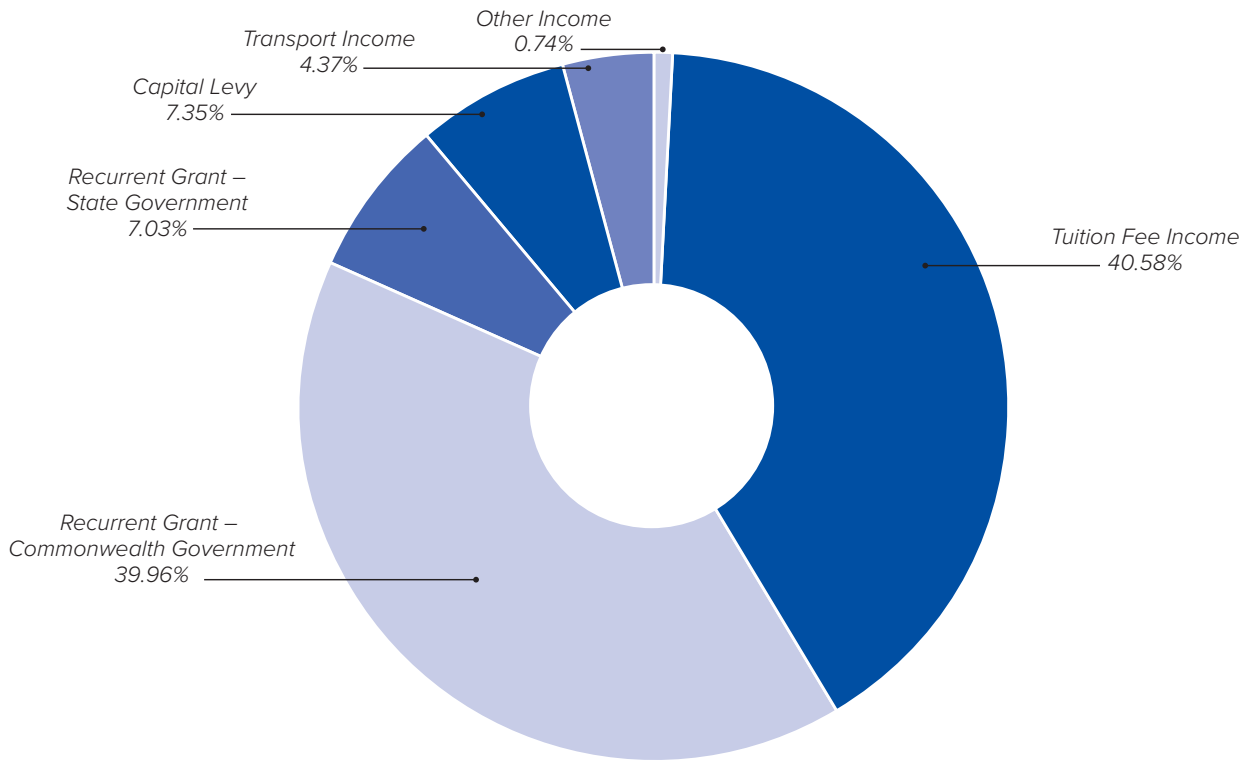

Traditionally a model of parent/student survey or quantifiable information have been adopted as the primary means of data collection. Whilst of some validity, they are not without significant methodological problems. This includes issues with sample size and problems in relation to the profile of responses and non-responders being considerably different.

This school looks to measure parent and student satisfaction mainly using measure of qualitative information and measure of the range and style of communications that it receives from parents and students in relation to all aspects of student life. Analysis of this material is more complex, but it is felt that it gives information that is more reliable in forming a view of opinions within and about the school. The general trend of this material is supportive of the direction and operation of the school. This when linked to the most important source of advertising about the school is positive "word of mouth", paints a picture of a successful, happy (but not perfect) school. As in previous reports I stress that the best measure of satisfaction is the feedback from past students enjoying success in whatever path they take after school and the continued significant demand for places at the school.

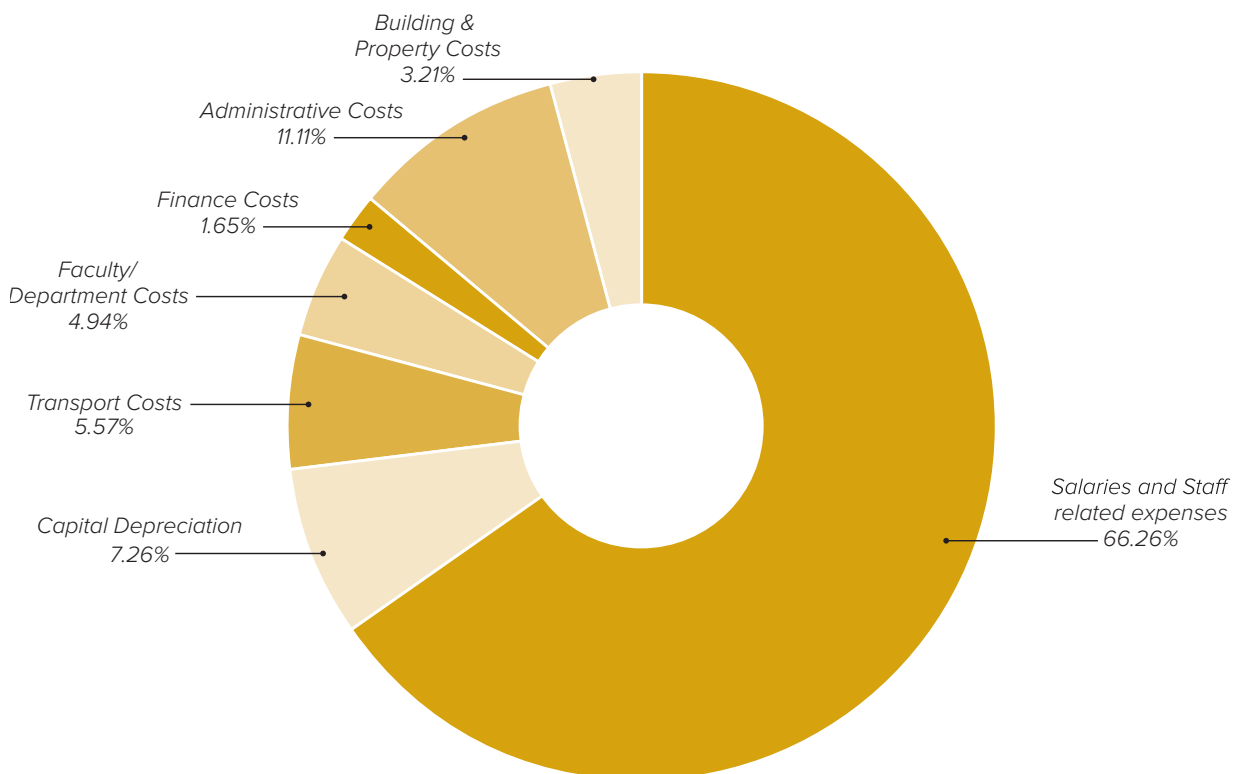

REVIEW OF OPERATIONS

Bacchus Marsh Grammar operated profitably throughout the 2025 financial year, achieving an operating surplus of \$10,812,983. The surplus supports educational delivery, servicing of debt, programmed maintenance, minor capital works, and the ongoing implementation of the School's Facilities Management Plan.

NAPLAN REPORT:

OVERVIEW

Once again, Bacchus Marsh Grammar has performed well above the state averages in all of the five assessed areas (Reading, Writing, Spelling, Grammar and Punctuation, and Numeracy), at both our Woodlea and Maddingley campuses.

Whilst we recognise that NAPLAN is a test at one moment in time, and does not capture all the ways students can achieve at school, the assessment provides valuable benchmark data about how our students are performing against their peers nationally and within the state.

Individual NAPLAN results are provided to all parents and form the basis of discussions about individual students and their needs. Data related to the performance of cohorts is communicated to the school community via the BMG Newsletter.

The results for all students at Years 3, 5, 7 and 9 on the 2025 NAPLAN tests are included in summary form in Appendix 1.
